

## BOW AND ARROW (in 6/8)

G C G  
Are you afraid of the future my love?  
G D  
Can we still pay the bills that rain down from above?  
G C G  
Are you afraid of fires and flood?  
G D C  
Can we still see the forest? Is there hope in your blood?

C D G  
If we gather the fears that turn into tears  
C D  
To stand up and fight as we're facing the gun  
C D G  
If we gather the truth that is answered with lies  
C D  
Can we break them all down, can we all be as one? – then

G  
Let our fear be the bow  
D  
The arrow our rage  
C  
Let our anger grow  
G D  
with a smile on our face!

Are you afraid of the future my friend?  
Will it hold a promise, or will it just end?  
Are you afraid of hurricanes and heat?  
Can we still take a walk? Can we move our feet?

If we gather our words and the songs of the birds  
To muster our courage as we're facing the law  
If we gather our love against all odds  
Like arms in our hands – we will never withdraw!
