

FIVE STEPS (in 4/4)

Gm
Five steps to the wall
Gm
Five steps back to the wall
Cm
Five steps to the other wall
Gm D7 Gm
and that is all, that is all

Cm
Someone wrote her name on the wall
Gm
and someone counted the days on the wall
Cm
and all that we can do is call
D7 D7/4
to the bricks in the wall, the bricks in the wall

Five steps to the wall
Five steps back to the wall
Five steps to the other wall
and that is all, that is all

Someone tried real hard not to fall
on the concrete floor, trying to stand tall
Now I am writing this message to us all
We are not alone as we walk to this wall

Five steps to the wall
Five steps back to the wall
Five steps to the other wall
and that is all, that is all

I left a pencil hidden inside a crack in the wall
and someone did answer, answer to us all
left the pencil hidden inside that crack in the wall
and this is how we stand, stand up against the wall

Five steps to the wall
Five steps back to the wall
Five steps to the other wall
Let us know if you made it at all (2x)
