F

It's been seventy five years today

G

Since they put it down on Palestine's plate

Claiming that they are in the right

Now calling them the 'anti-semitic'

The western world has seen the light

as their arms are fueling genocide

Limbs of people lying around

Doctors, mothers – Show it all!

Nomore medicine to be found

Unveil the truth and make this call:

Refr. Israel's a terrorist state

Say it loud: IT'S A TERRORIST STATE!

Israel's a terrorist state

Fight them now before it's too late!

Children hostages held in prisons

Targets of torture, isolation

For decades on end – by the thousands

Israel is civilized nation

Fences, walls, blockades for miles

to protect their hate and colonization

Eradicating all inside

By famine and by dehydration

Who hears the cries behind the hollers

of zionist soldiers that feast on it all

Making video's planting their colors

Unveil the truth and make this call:

Refr.

Bombs are sent for mass destruction

Systematically – no one can flee

Slaughter them all – that's the instruction

and in plain sight for all to see

It's a terrorist act – by definition

Apartheid rules – everybody knows

about the daily dehumanization

Let's make sure that resistance grows

So, just in case you haven't heard

Israel is a terrorist state

Tell it to the world – Spread the word

Unveil the truth before it's too late!
