

STOP KILLING OUR TREES (in 8/8 3+3+2)

Dm

These trees stand tall in the wind

Dm

They stood every storm, every winter

Gm

Am

But people are making them fall – 2x

Their roots have held on to the ground at all times

like fingers grasping for the last of straws

Their branches so strong 'till the end – 2x

refr. 2 x

Dm

Am

Falling and fighting – screams

Em

Stop the machines! Stop killing our trees

These trees are calling in vain

They heard every saw, every timber

The loggers are cutting them all – 2x

Their boots and the wood and the burning of souls

Their footsteps so loud and their voices like claws

Still do the trees stand tall 'till the end – 2x

refr. 2 x

Falling and fighting – screams

Stop the machines! Stop killing our trees

ending: Em Em6
