

TIMBER! (in 6/8)

Em A
The saw handled ever so carefully
B4 Em
This lumberjack does the good work at night
Em A
When men with guns are still asleep
B4 Em
The forest waiting for the light

Refr.

A Em
Timber! And it is no tree

B7 Em
A hunting tower is going down

A Em
Timber!

B4 E
And the good news is going ‘round

Quietly cutting down one after another
This lumberjack does the good work at night
Wild boar and deer between the trees
The forest waiting for the light

Timber! And it is no tree
A hunting tower is going down
Timber!
And the good news is going 'round

Another job well done I'd say
This lumberjack did the good work at night
Not one shot fired the next day
That hunting tower didn't see the light

Timber! No, it is no tree
Another night – another tower's down
Timber!
And the good news is going 'round
