

## YOUR VOTE – NOT YOUR VOICE (in 4/4)

Refr. Dm C Dm A F C Dm  
We want your vote, not your voice  
Because this is democracy  
We are giving you a choice to  
cooperate with authority, so...

Dm F  
Let's have another TV debate  
C Dm  
about the climate 'cause it is too late  
Dm F  
to save the planet just in time  
C A7  
while politicians wine and dine

Let's paste the walls with posters of faces  
with ties and suits and money wasted  
to seduce you with a promise or two  
nothing truthful and nothing new

Refr.

Let's make you believe we are her just for you  
That it makes a difference, red or blue  
We'll save the nation just in time  
'gainst immigration we draw the line

We make pretend with a toothpaste smile  
with words of hate that are in style  
With fear that we created so well  
What's the difference you just can't tell

Refr.

Let's make sure that you don't see  
why we need you to agree  
to vote and leave your voice behind  
Keep working, never speak your mind

Divide and conquer for capitalist's sake  
We cannot use you wide awake  
'cause you are tools for profits world wide  
We are puppets – we won't turn the tide
