

THIS CROWD (in 4/4)

A C
This is where the fire starts
G A
That is burning in our hearts
A C
Hear the language we are learning
G A
See the banks that we are burning

G A
This crowd will have its say

A E A
This crowd will have its way

G A
This crowd will have its say

A E A
This crowd will have its way

This is why they hate us all
This is how we make them fall
See the crimes that we commit
Break their laws as we see fit

This crowd will have its say
This crowd will have its way
This crowd will have its say
This crowd will have its way

We will be governed no more
We will not be fooled any longer
We refuse to take their orders
We will not be ruled any longer

This crowd will have its say
This crowd will have its way
This crowd will have its say
This crowd will have its way
